Mayor Curt Balzano Leng issued Emergency Order No. 3 today in the Town of Hamden.

This order directs the closure of all Town playgrounds/playscapes and the Hamden Dog Park, while allowing open space areas, parks, trails, and athletic courts to remain open – subject to no gatherings of more than 10 occur in these areas and that strict social distancing practices, including maintaining distances of 6ft from other individuals as recommended by the Center for Disease Control and Prevention, are strictly observed.

The Town and Health District are regularly monitoring restaurants, bars, salons, non-essential retail storefronts, and other commercial and residential entities to ensure compliance with the Town’s Emergency Orders, the Regional Health Department Orders and the Emergency Order issued by Governor Lamont on March 20th, 2020 (taking effect March 23rd at 8:00pm). Entities and organizations found to be out of compliance with the State Order may be subject to fines as applicable. Hamden public safety officials will be assisting with the enforcement of these essential public health safety rules.

A statement from Mayor Leng:

“Our Town, our first responders, and the State of Connecticut are doing everything we absolutely can to drive home just how serious the COVID-19 pandemic is for our communities. It is senseless to risk the lives of our loved ones and friends for a gatherings or group sports at the park or a quick dinner or drink in groups. Are the lives we could stand to lose really worth it? I want to play a pick up game of basketball and get back to coaching baseball as much as anyone, but I know that the risk now doesn’t make this safe - and I’m not willing to risk lives in my personal life or in my duty as mayor to protect the public health and safety of our community.

I implore Hamden’s residents to “GET SERIOUS” and start making the positive healthy steps we need as a community, and as a State and Country right now. Please stay 6ft apart from one another. Stop unnecessary visits with friends. I wish it were safe but it isn’t right now. Don’t get in contact with others unless you need to. So enjoy a nice walk in
the fresh air and even our parks, but far away from others. Please keep visits to stores that are allowed to stay open to on as needed and not as currently practiced. We have very quickly entered a new time, and we need to adjust and take it seriously to save lives. Please exercise common sense. What our future community looks like, and many lives, depends on our collective actions today.”
