Introduction:

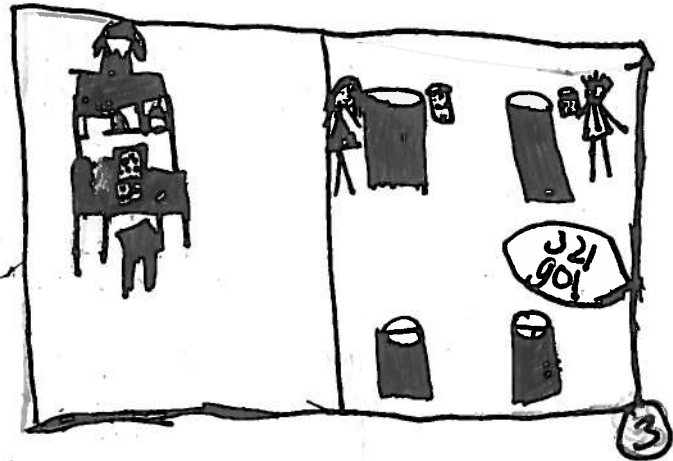

My name is Finnleigh
and I'm 8 years old.
In February I went up
to VT and went skiing
and celebrated my Dad's
birthday. When we got home
COVID-19 hit and changed
a lot of things:

Home School

In the beginning we were sent home with a few folders and assignments, no teacher and it was easy. After a few weeks we switched to on line school then we got a app called flipgrid that let us post videos for each other sharing Arts

and crafts and math problems. we had a virtual Best Day ever and me and my brother did water competitions.

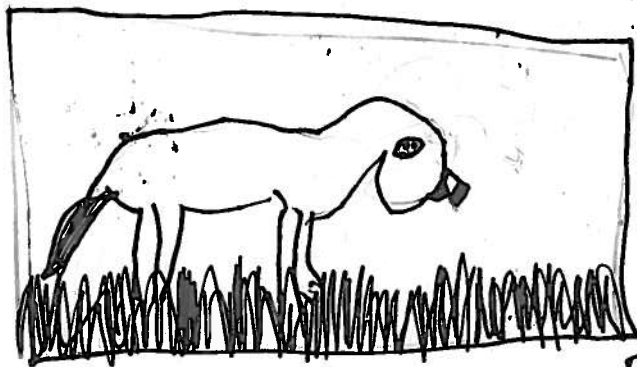

Adapting a dog

Since my whole family
was home we decided
it was a good time
to get a dog I looked
with my mom at a lot
of Adapting website
I we found a dog named
Jet in Tennessee!

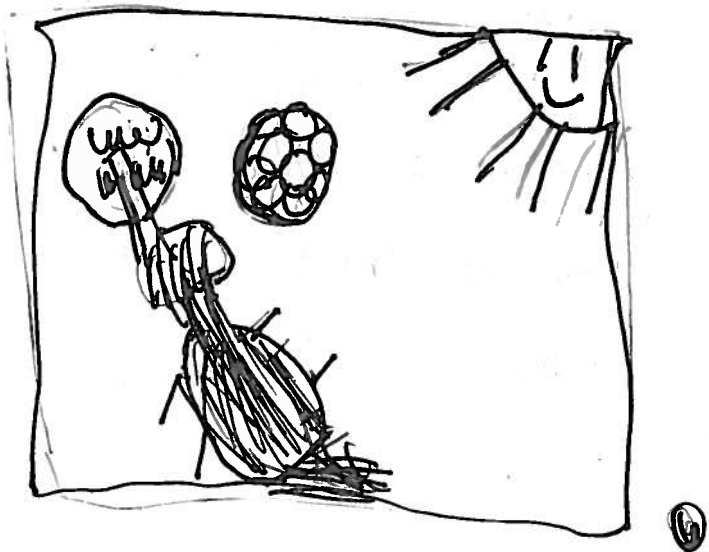

⑤

he rode on a trailer
for a whole day to
get to ct. my dad went
to go pick him up
when dad and Blaze
got home Blaze drank

⑤

a lot of water and
a lot of food
we named him Blaze.

Bunk Beds

We were spending
a lot of time in my
house, it wasn't very
warm out and we
needed a change. I
wanted to figure out
how to have more
space in my room. My
Dad came up with the
idea that we could

loft the twin beds me
and my Brother had
by using old extra
bed frames in the
attic. It took us a
day to build them and
my brother and I had
sleepovers right away.

Disturbing Dinner Parties

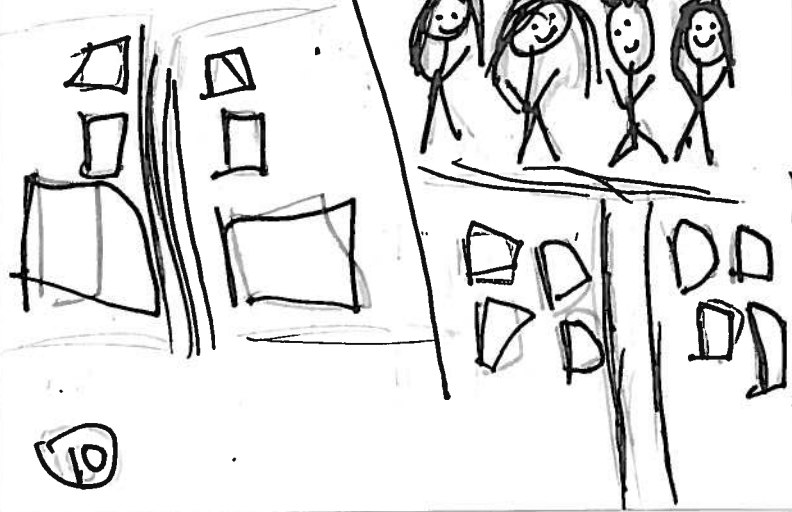

with my friend's Ryan
and Evan, and their parents,
we had our first dinner
party in a long time. They
came over for pizza
and they had their chairs
on the side of our front
lawn, we sat on the
other side we passed
a soccer ball back and

forth, but we couldn't
use our hands.
next we had a mother
dinner party with our
friends Izzy and Juliet.
