

Hamden North Haven Collaborative

The Hamden-North Haven Collaborative (HNN) is part of the Connecticut statewide system of care. We serve as a “hub” in the community. Our purpose is to create and maintain a coordinated system of care.

The mission of HNN is to connect Hamden and North Haven providers and families (with children & adolescents) to information and resources in their community that support their social, emotional and behavioral health needs.

For additional information, please contact Co-Chairs:
Susan Rubino, Town of Hamden Youth Services Coordinator
srubino@hamden.com

@HamdenYouthServicesBureau @HYSBKidsActivities @hnncollaborative

Carolina Serna, Clifford Beers Clinic Care Coordinator
cserna@cliffordbeers.org

HNN

Assesses the social, emotional & behavioral needs in the community

Identifies gaps in services and works with providers to fill those gaps

Provides & connects its members & the community to evidence based training & programming that creates awareness, educates & inspires

Is family driven & youth guided, community based, culturally & linguistically competent & trauma informed

HNN Collaborative Meetings
