Good morning,

In an effort to support parents and their children, Hamden's Partnership would like to hear from Hamden parents.

We have drafted a survey which addresses child development, activities and resources.

Please, please encourage Hamden parents you are in contact with, who have children under 9 years old, to take 5 minutes and fill out the survey. At the end of the survey, the parent will receive a \$5 gift card to say "thank you". (\$5 is available for the first 50 participants)

If you are talking with parents, you can share this information, the link below, as well as the attached flyer which has a QR code to the survey.
